are advised to lay in a supply of water to-morrow to On Monday last, the verendah of a wooden house, opposite the Iron Works, fell on two Chinamen who were standing under it, and although not seriously

injured, they were badly-scared.

water from the Reservoir on Friday next, (16th inst)

for the purpose of making accessary repairs. They

Discussion-The Saip Iolant and the Bark Courier are discharging their corgoes at Market wharf. Both curgues are coming out in fine coudition. The John Bryant is clearing away the hold around the fere must, preparatony to taking the old mast out to make place for a new one.

Coastens.-The schooner Panabi, since her reture from Johnson's Island, besides receiving a new For Sale at the most Reasonable Rates main must has been put in thorough order, and resumed her former route between Molokai and this port. The favorite Hilo packet Kate Lee, is laid up for repairs. The schooner Nettle Merrill is received ing a new fore-mast; and the schooner Mary Ellen is laid up for the present.

THE second boiler of the steamer Kilanea was put in its place on board on Monday. These bollers weigh something over cleven tons each, being in evers respect the largest and most perfect bollers ever made here. They will compare favorably with bollers built in any country and reflect great credit upon Mr. Young, the manager of the Iron Works, and the excellent mechanics employed by him of

THE CHRISTIAN UNION.-This paper, referred to one of the best religious and literary papers published in the United States; which indeed could hardly be otherwise when we consider that Henry Ward Beecher is the editor. Besides Mr. Beecher's own articles, contributions are found from the best writers in the country, all of which are not only pleasing, but profitable to read.

THE HAWAIIAN TIMES.-This paper, the successor of Bennetics Own, made its first appearance on Tuesday morning (yesterday). It is published by Wm. Shaw & Co., and presents typographically and in matter, a vastly superior appearance to its predecessor We heartily wish the enterprise of Messrs. Shaw & Co. every success. We notice that the paper is to be a semi-weekly, published on Tucsdays and Fridays.

THE MECHANIC'S BENEFIT UNION .- This Society, one of the nidest and most useful, among the many benefit societies in Honolulu, held its annual meeting for the election of officers. The officers of last year were unanimously elected, namely: President. Goo. G. McLean; Vice President, J. H. Thompson; Treasurer, Thos. Sorrenson; Secretary, Wm. Wright. The report of the Treasurer shows, that the finances are in good condition, there being over \$5,000 in the Treasury, it having accumulated over \$600, during the past year. The interest taken by the members, promises a long career of usefulness

THE SHIP JOHN BRYANT.-This vessel left San Francisco on the 26th of July, with an assorted cargo for New York. She had good weather until August 12th, when, being in 16" 27 N. Lat., and 120° 57 W. Long., she experienced strong N. E. gules, which gradually, during the day, houled to the Northward, increasing in the meantime to a severe o China, of late, however, there are but few vessels handing at | gale, and the Barometer constantly falling. At 4 P. San Francisco for China, and the vessels which come along M., the ship was struck by a heavy squall of winu new are either under or seeking guano charters and we from | and rain, which carried away a lower topsail, main south America, China or Japun, we even hear of slope coming spencer, and topmast staysail. The wind then continged blowing a hurricage, the sea making a clean breach over the ship, carrying away the bulwarks. At 5:15 P. M., a terrific gust of wind carried away. the fore-topmust, which took with it the head of the foremest, and the bowsprkt, within about six feet outside the knightbeads. The wind continued erala serece gale in 16° north, ist care to blow with unufated fory until 6 P. M., when it easing away her foremant, bowsport, fore-inpress, main and resched its highest force, the Barometer standing at regard topgallact master racite &c. The J. Bryant model from that time at 28.80, and the main and mizzen top See Francisco, on the 20th of July, with a full carco for New gallant masts being blown over the side. At 8 o'clock, the wind still continued blowing with great tury, although there were frequent luffs; in fact, no particular change took place until about II

> ward, and the ship put away for Honolulu on the 18th, arriving here on the 8th lost. The John Bryant is the third ship which has arrived at this port within the past few weeks, all of which have experienced severe gales in about the same locality as that experienced by this vessel namely, the North-German ship Fidelitas, arrived here August 7th, dismasted, and the Northern Star,

though it still blew a heavy gale. By the morning

The community were startled by an alarm of fire. between nine and ten o'clock last Wednesday evening, caused by the falling of a Kerosene lamp in the upper part of the Empire Saloon. No loss was suffered other than the time of the "boys," who arrived, with their machines at the scene of fire in a very short space of time after the slarm struck, to find their valuable services were not required.

BENRY WARD BEECHER ON SUDDEN DEATH .- IN the Christian Union, of June 18th, Mr. Beecher i.

commenting on the sudden death of Charles Dickens speaks as follows: "It is painful to be obliged to veil over and hide from our thoughts the slow decays and weaknesses of age. The imagination is obliged to practice upon itself, to separate the man from himself, to think only of the vigorous Scott, and to forget the sad and venerable imbecile, slowly feeling after death,

through so many years. "Sudden death in full possession of reason and of executive force, is a divine mercy to all who as leaders have commanded the minds of men, and walked at the head of their fellows. Men that came into bearing late in life may last late, but those who were fruitful early, and who have been prolific, must look for barren years at the end. Our years are in the Lord's hands. All seasons are his. If it he his will that we should moulder and decay, in the sad twi light of old age too far prolonged, we should accephis purpose, even as we would accept prisons and bonds for Christ's sake. But prisons and bonds are perer to be desired for their nan sake,"

PROSPECTUS.

On Saturday Morning, Sept. 17th, 1870, Will be issued in Honolulu the first number, of a

Weekly Newspaper, to be called.

"The Commercial Herald." The time has evidently arrived when a new ex-

ponent of public opinion in these islands is imperatively demanded. The necessity has clearly arisen for a Commercial Newspaper and Advertising Medium. which shall be second to none of its cotemporaries in point of execution and in its mechanical details, which shall express the views of the majority, and at the same time, be independent of Government influence and patronage.

In presenting the claims of such a Newspaper for the support of the public, it is incumbent upon us to declare the general principles by which we propose to

In Politics,-we have no implicit faith in the paramount virtue or value of any particular form of government. We find here a Monarchy, and we believe it to be well suited to the people. We shall lend our assistance in adapting that form of government to the needs of the existing state of society. We hope and intend in the conduct of this paper to be-to the King, loyal; to his Ministers, courteons; and to the People, true. We shall use our efforts to strengthen the hands of any Ministry whose policy we may consider in accord with the true interests of the country, and will advocate a change, when in our opinion, their policy fails by that test. Our motto in

this respect will be "measures not men." The Material Welfare and Industrial Progress of the Kingdom,-it will be the special endeavor of "THE COMMERCIAL HERALD" to advocate and foster. The Commercial, Agricultural and Manufacturing interests will always find our columns devoted to their wants. Reports from different markets, statistical information, new inventions and improved methods and processes will be diligently collected and laid before our readers. In advocating this Industrial Progress, we unhesitatingly commit ourselves to the principles of Free Trade-that logical theory-which propounded by the philosopher in his closet, has been verified in history by the practical experience of nations. We look upon the so-called system of " Protection" to native industry, by the imposition of high duties on imported articles, as perplexing and injurious to any country which adopts it, as the hot bed of monopoly and the bane of foreign commerce, -whilst it signally fails to secure to that industry the protection it professes to afford.

The Labor Question, now so prominent, will have our eareful consideration. We believe that the Master and Servant Act is, in the main, just, right, and fit for the state of society which exists, or is likely to exist, in the Hawaiian Islands. The same remark applies to contracts for labor for a term of years, intelligently entered into and justly enforced.

Religious discussions we consider out of the prov ince of a general newspaper, and shall therefore de-

Youths', Misses', Ladies & Gents' Hosiory, in great variety, in this explaining our principles and objects, we hink we atter no "uncertain seand"—and to those who differ from us conscientionally, and perhaps strongly, we profer the hand of frinced-hip; and trust that in reasoning together we may never allow the liveussion of meagures or principles to degenerate in the customer of meagures or principles to degenerate in the customer of meagures or principles to degenerate in the customer of meagures or principles to degenerate in the customer of meagures or principles to degenerate in the customer of meagures or principles to degenerate in the customer of meagures or principles to degenerate in the customer of who differ from us conscientiously, and perhaps strongly, we proffer the hand of frinedship; and trust that in reasoning together we may never allow the discussion of measures or principles to degenerate into vulgar personal bi, kering. Let us each admit that the other has a proper motive—the public good—and in pursuing that object let us be calm—from the belief that sound reason must in the end prevail.

Shawls—double and single, plain and fancy,
American Trunks, Carpet Bags, &c.,
Linings, Silesias, Jaconets, Tape Checks,
Elegant ass't of Ladies' & Gents' Kid Gloves

Finally, we crave the indulgence of all classes of our readers, especially at the commencement of our enterprise. We are well aware that to conduct a newspaper fully worthy of being patronized by the discerning public of these Islands, is a very difficult task, but we assure them that neither time nor pains will be spared to make "THE COMMERCIAL HER-ALD." in as short a time as may be, the best newspaper and the truest exponent of public opinion in the Hawaiian Islands.

Subscription price, \$5.00 a year, in advance. Single copies 121 cents. BLACK & AULD. Publishers and Proprietors. Merchant Street, Honelolu, H. I.

-FOR PURCHASING A RETAIL LIQUOR BUSINESS

(\$981) dollars and custs, amounting to the sum of One Hundred and Thirty-three dollars and twenty-five cents. I shall expose at Public Anotion upon the premises in Honolulu on THURSDAY, the 29th day of September A. p. 1870, at 12 o'clock noon, all the right title and interest of the said J. W. Kcawebunahala and Dinah, his wife in and to all and singular AT 12 O'CLOCK NOON, OR THE PREMISES. By Order of George H. Burgess, Administrator of the Estate of Ed. Burgess, deceased, will be sold at Public Auction, the Li-censed House known as

mais and Dinal, his wife in and to all and singular the mortgaged premises set forth and described in the mortgage of the complaimant in this cause filed, and therein described as follows:

All that certain piece of land with houses and improvements thereon situated in Kaakopaa, Honolulu, Island of Oahu, in Land Commission Award 3380 and Royal Patent 1921 described and bounded as follows. E hoomaks and make this akau mauka e util and me to Kennu a me ko ke Kunchiki, hole ikai Containing Three Large Tables, which have recently been fitted up with New Slate Beds, at a large expense. The Bar is well supplied with a large stock of the Best Qualities of Liquors, Wines, Ales, &c., recently purchased by the late Edward Burgess, whose experience and success in this line of business is well known. The house has had the liberal patronage of the best custom of our Island residents, and is offered at a favorable time, as the Fall Business Season is approaching.

The late proprietor paid for this business, including repairs,—painting and papering the house, which has recently been put in thorough repair,—about \$6,000, not including license.

The Lease of the Premises, will be sold with the Stock, the same having FOUR YRARS UNEXPIRED TERM, from December next.

TERMS AT SALE—Further particulars apply to follows.
